THIS

TO OPEN SL

to rake up and put on the mulch heap
in India as we do in Camberwell?
The garden has looked a picture with all
the russet colours, but had the trees have
shed their garb we feel as if we'll never
finish cleaning up. No doubt good exercise
for the joints or something.
Dear, darling Camp, do write and tell
us how far are progressing, if you are
able.
Love Love Alan.

My dear Sir,

Your very efficient Sir
P. N. S. Murthy, Deputy Inspector General of
Police at Mysore has returned the money.
You felt I was overcharged for my
fare to Chadikeri. Certainly when your
orders are issued I'm sure the boys
jump. But really you can't blame the
Tourist Centre trying to make a little
extra on people who can afford to travel
to India. But yes, I do know how you
feel & if they get away with it in
one instance they will try in others.
Thank you for looking after our interests.
Have you thought any more about coming to
Australia? And are you feeling better or
worse? Please, I'm spending more time in
Bangalore. If you are unable to write, ask the
Jennings to tell me how you are. So
far I have had no word from our
Capt in New Delhi. Unfortunately
I don't know him personally as I have
so many of our other Foreign Affairs
Officers. Rhys is on holiday at the
moment, and sends her love to you.
No far have as many. Autumn leaves
